WORK EXPERIENCE

Software Developer

Lusaka, Zambia

Chesco Tech LTD

Mar 2023 – Present

- Led the successful implementation of new features for in-house products, including a comprehensive Point of Sale system and a cutting-edge HR management system, enhancing overall efficiency and user experience.
- Spearheaded the final phase of development and rigorous testing for a critical Web App and React Native mobile application, exceeding quality benchmarks and ensuring client satisfaction for our largest client.
- Successfully managed the submission process for mobile applications to prominent platforms, Google Play and Apple Store, ensuring compliance with all standards and guidelines.

Fullstack Developer

Harare, Zimbabwe

Webbe Dev

August 2022 – Mar 2023

- Innovatively designed and executed web solutions for corporate clients using a tech stack that included HTML/CSS, JavaScript, and prominent JavaScript frameworks.
- Architected and developed robust back-end systems for web applications, employing a combination of JavaScript and Python to implement server-side logic and APIs, facilitating seamless data flow between clients and databases.
- Pioneered the creation and integration of a versatile content management system (CMS), empowering clients with the ability to make dynamic updates to their applications, increasing user engagement.

EDUCATION

Jiangsu University

Zhenjiang, Jiangsu, China

Bachelor of Engineering in Computer Science & Technology

Sep 2018 – June 2022

- Graduated with honors, consistently ranking in the top 10% of students throughout the academic program.
- Completed a comprehensive capstone project, a full-featured movie ticketing platform with a mobile application, a web-based admin portal, and REST API, demonstrating advanced problem-solving and research skills.

MEMBERSHIPS & CERTIFICATIONS

- Oracle Cloud Infrastructure 2023 Certified Foundations Associate
- Information and Communications Technology Association of Zambia (ICTAZ) Licentiate
